

SPOKANE AREA CHILDREN'S CHORUS

Established 1987

Fall 2010

Dear SAAC Family and Supporters,

The fall season and its crisp air is the ideal time for reflection as we give thanks as well as look forward and envision a bright future.

As a parent of a Spokane Area Children's Choir member and as a newcomer to its Board of Directors, I give thanks for the opportunities my daughter has been given here. We value the enriching experiences through the leadership and teachings, and we find endless joy in the camaraderie and showcase opportunities. We also celebrate such honors as SACC being selected in October for the Spokane Arts Commission 2010 Award for Arts Organization.

Board members are anticipating a grand season to introduce the upcoming 25th anniversary of SACC, and we can't make it happen without your support. Every child benefits from donations to the SACC Annual Fund, and your gift has a direct impact on the programming we can offer to choristers and to the community.

Our main goal is to continue to support the mission and develop the choir organization so it can exist for another 25 years and beyond -- both with strength of membership and finances.

What you can provide makes a huge impact. I know I'm not alone in my gratitude to the musical direction and organization of SACC. I certainly give thanks to those who endowed funds previously so the choir could be a reality and continue to reach thousands of children. However, recent years have been challenging, both for families and for organizations, especially those that seek to strengthen the arts. It is with some urgency that I ask for your financial gift of any amount to ensure the stability of the Spokane Area Children's Chorus, to help offer scholarships to students, and to support SACC in ***developing respect and commitment through musical artistry.***

Thank you,

Juli Wasson
SACC Parent & Board Member

Developing respect and commitment through musical artistry.
